

ATELOPUS SURVIVAL INITIATIVE

IUCN SSC ASG ATELOPUS TASK FORCE

The [Atelopus Survival Initiative \(ASI\)](#) and its members follow and act according to the [ASI Strategic Plan](#) and the [ASI Guiding Principles](#). For further information, please have a look at the ASI [website](#) or contact: info@atelopus.org. The [IUCN SSC ASG Atelopus Task Force](#) provides technical and scientific advice to the ASI, facilitates and catalyzes the implementation of the [Harlequin Toad \(Atelopus\) Conservation Action Plan \(HarleCAP\)](#), and together with the ASI Coordinator act as the ASI's primary decision-making body. Below you find a list of the Atelopus Task Force members and ASI Thematic Working Group (WG) leaders:
